

# WET<sup>®</sup>

WASHING EQUIPMENT OF TEXAS

# THE GLADIATOR

The **Gladiator** is a member of WET's top-of-the-line pressure washers. No pressure washer in the industry can match up to its built-in toughness and ultimate quality.

**Clutch Control** prohibits the pump from overheating when the trigger is not pulled. Other pressure washers recirculate the bypass water through the pump again and again. Each time through the pump the water temperature increases dramatically until it reaches the critical temperature of 145°F in less than a minute.

The **Gladiator** does not bypass water! It simply stops when the trigger is released. This advancement alone will greatly reduce downtime and cost of ownership. Pump life and endurance are increased tenfold!

**Clutch Control, foam-filled tires, suspended power platform, operational status lights,** lots of Stainless Steel, the best fuel filtration, a rugged 1-1/4" square tubing frame, oversized pump and coil, and industrial components make the **Gladiator the toughest and smoothest operating** pressure washer you can buy!

*The Gladiator is the new industry standard... no other machine on the market can match its durability*

*The Gladiator will blow you away!*

### Specifications:

- + 3-gpm @ 3200-psi
- + 5-hp AO Smith motor
- + 230-v, 1-phase, 20-amps
- + ETL Safety Certified to UL std
- + **Oversized** General pump
- + Belt-driven
- + **Clutch Control**
- + SS lid & heat shield
- + SS float tank
- + **Suspended power platform**
- + **Hour meter**
- + **Oversized heating coil** supplies a true 200°F
- + **Thermostat control**
- + **Unit status lights**
- + Nozzle tip cleaner
- + **Locking lid**
- + **Foot-operated brake**
- + **Low water shutdown**
- + **SS quick disconnect**
- + GFCI
- + 50' hi-pressure hose
- + SS variable pressure wand & trigger gun
- + **(4) 13" foam-filled tires**
- + Hose & gun holders
- + Racor fuel/water filter
- + Hose reel insert port
- + Air purge freeze protection
- + 40"H x 31"W x 57"L
- + 320,000 BTUs, diesel
- + 675 lbs

# WET<sup>®</sup>

WASHING EQUIPMENT OF TEXAS

WET offers a wide variety of industrial cleaning compounds:

- ✚ Degreasers
- ✚ Vehicle wash
- ✚ Floor cleaning detergents
- ✚ Automatic parts washer detergents
- ✚ Aluminum brighteners
- ✚ Defoamers
- ✚ Detergents especially formulated for wash water recycling systems

WET offers preventive maintenance programs for high volume detergent customers saving delivery fees, reduced labor charges, and even parts discounts in return for their business

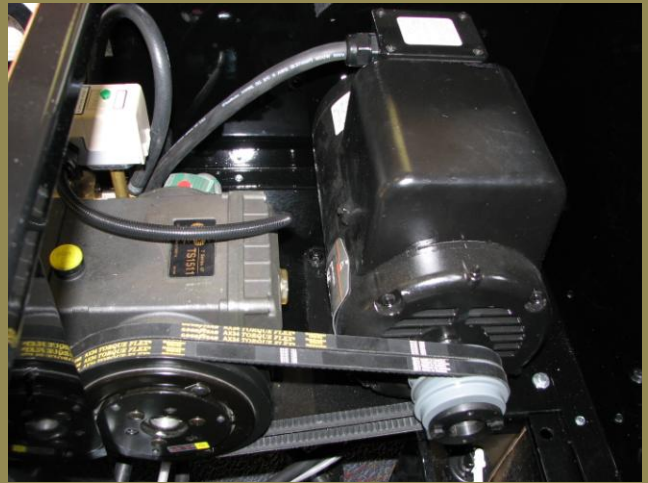

WET offers detergents in bulk volume where we provide the 300-gallon storage tank:

- ✚ No (55) gallon drums
- ✚ Bulk volume pricing
- ✚ Industrial strength concentrates

WET supplies their customers using the bulk detergent program with a free loaner pressure washer when their machine is down.

We value our customers, and we hope it shows!

*You can't get clean if  
you don't get **WET!***
