Technical Data

Color Clear to pale yellow
Odor Lemon-like
Specific Gravity 1.01
pH (neat) 5.5-7.0
Boiling Point >329° F
Solubility in Water Dispersible
Reactivity in Water None
Flash Point 194° F
Freeze Thaw Stable Yes
Shelf Life 1-Yr Minimum
in closed container
Materials to Avoid Acids, bases,
strong oxidizing agents

SPECIAL FEATURES:

Landa Graffiti Remover — Sign Saver is an easy to use biodegradable, liquid graffiti remover designed for use on interior and exterior signs such as traffic signs, interstate highway signs, rail signs, other metal signs with or without a reflective coating and some plastic signs. This strong and fast acting product formulation safely penetrates and loosens the graffiti on sign surfaces and makes it easy to remove. No extended soak time is needed and Landa Graffiti Remover — Sign Saver can be re-applied to wet surfaces as needed, without waiting for drying first.

DIRECTIONS FOR USE:

Read Material Safety Data Sheet thoroughly before using this product. Wet the surface to be treated prior to the product application. Apply Landa Graffiti Remover – Sign Saver undiluted, directly onto area being treated using a sprayer, sponge or rag. Always test on a small area prior to product application. Allow 30 seconds for full activation and then agitate with a rag as necessary. Rinse-off treated area with water.

FOR INDUSTRIAL USE ONLY KEEP FROM FREEZING

CAUTION:

Consult the material safety data sheet (MSDS) before using this product. Do not take internally. Do not get in eyes or on skin and avoid breathing vapor or mists. Wash thoroughly after handling. For industrial/commercial use only.

Combustible liquid, keep away from heat, sparks and open flame. No smoking. Use only with adequate ventilation. Irritant and skin sensitizer. Wear safety goggles and chemical resistant gloves when handling. Wear NIOSH-approved respirator for organic vapor. Close container after use. Do not mix with acids, strong oxidizing agents (e.g. bleach), strong bases (e.g. lye).

Contains materials that may cause liver damage and blood system effects.

The n-methyl-2-pyrrolidone component (cyclic amide) is listed on California Proposition 65. Warning! This product contains a chemical known to the state of California to cause developmental harm. See material safety data sheet for further information.

FIRST AID:

EYES: Immediately flush with water for 15 minutes. Get medical attention immediately.

SKIN: Wash thoroughly with mild soap and running water. Get medical attention if irritation develops. Remove contaminated clothing and wash prior to re-use.

INTERNAL: Do not induce vomiting. Get medical attention immediately. If inhaled, remove to fresh air.
