

Graffiti Remover

Metal Saver

Available in	Stock #
Case of 12 x 1 qt bottles	9.807-289.0
Case of 4 x 1 gal bottles	9.807-288.0
5 gal. container	9.807-290.0

REMOVES GRAFFITI FROM:

- Pre-Finished Metal
- Traffic Signal Boxes
- Overhead Doors
- Mail Boxes
- Painted & Powder Coated Metal Surfaces

Also works on telephone and cable connection boxes, playground equipment, picnic tables and charcoal grills at parks

FEATURES / USER BENEFITS

- **Highly Effective**
Removes graffiti from most surfaces
- **Fast Acting**
No extended soak time—Requires only 60 seconds for activation
- **Easy to Use**
Rinses easily from surfaces and cleaning equipment
- **Water Compatible**
Can be applied or reapplied to wet surfaces
- **Cost-Efficient**
Covers 25-50 square feet per gallon (depending on graffiti area, surface porosity and texture, and method of application)

A strong and fast acting, biodegradable liquid graffiti remover for use on exterior and interior surfaces. **Landa Graffiti Remover—Metal Saver** effectively and safely penetrates and loosens graffiti on metal surfaces, and some plastic surfaces, for easy removal.

Technical Data

Color Clear to pale yellow
Odor Lemon-like
pH (neat) 5.5-7.0
Solubility in Water Miscible
Reactivity in Water None
Flash Point 203° F
Freeze Thaw Stable Yes
Shelf Life 1-Yr Minimum
in closed container
Materials to Avoid Acids, bases,
strong oxidizing agents

SPECIAL FEATURES:

Landa Graffiti Remover – Metal Saver is an easy to use biodegradable, liquid graffiti remover designed for use on pre-finished metal and powder coated surfaces such as overhead doors, color bonded fencing, mail boxes, traffic signal boxes, painted metal and other metal surfaces. This strong and fast acting product formulation safely penetrates and loosens the graffiti on metal surfaces and makes it easy to remove. No extended soak time is needed and Landa Graffiti Remover – Metal Saver can be re-applied to wet surfaces as needed, without waiting for drying first.

DIRECTIONS FOR USE:

Read Material Safety Data Sheet thoroughly before using this product. Wet the surface to be treated prior to the product application. Apply Landa Graffiti Remover – Metal Saver undiluted, directly onto area being treated using a sprayer, sponge or rag. Always test on a small area prior to product application. Allow 60 seconds for full activation and then lightly scrub with a rag or light scouring pad. Repeat process as necessary then rinse-off treated area with water. Repeat process as needed. May be inappropriate for use on plastic and rubber surfaces.

KEEP OUT OF REACH OF CHILDREN
FOR INDUSTRIAL USE ONLY

CAUTION:

Consult the material safety data sheet (MSDS) before using this product. Do not take internally. Do not get in eyes or on skin and avoid breathing vapor or mists. Wash thoroughly after handling. For industrial/commercial use only.

Combustible liquid, keep away from heat, sparks and open flame. No smoking. Use only with adequate ventilation. Irritant and skin sensitizer. Wear safety goggles and chemical resistant gloves when handling. Wear NIOSH-approved respirator for organic vapor. Close container after use. Do not mix with acids, strong oxidizing agents (e.g. bleach), strong bases (e.g. lye). Contains materials that may cause kidney and liver damage.

The n-methyl-2-pyrrolidone component (cyclic amide) is listed on California Proposition 65. Warning! This product contains a chemical known to the state of California to cause developmental harm. See material safety data sheet for further information.

FIRST AID:

EYES: Immediately flush with water for 15 minutes. Get medical attention immediately.

SKIN: Wash thoroughly with mild soap and running water. Get medical attention if irritation develops. Remove contaminated clothing and wash prior to re-use.

INTERNAL: Do not induce vomiting. Get medical attention immediately. If inhaled, remove to fresh air.
