

P-40

Vehicle Cleaner

Engineered Specifically for Pressure Washers

A detergent ideal for removing grease, oil and road film with alcohol for restoring painted surfaces. Safe to use on aluminum, stainless-steel, glass, paint, and even fine automotive paint finishes.

APPLICATIONS:

- ▶ Tractor-Trailers
- ▶ Automobiles
- ▶ Farm Equipment
- ▶ Motorcycles

Other applications: Heavy equipment, RVs, walls, tanks, tanker trucks, railroad cars and buses

FEATURES / USER BENEFITS

- ▶ Safe to use; protects your pressure washer

HIGH DILUTION RATIO

- ▶ Up to 80 to 1 means more economical cost-in-use

BIODEGRADABLE

- ▶ Environmentally Friendly

VERSATILE

- ▶ Works with hard or soft water

FAST ACTING

- ▶ Formulated to release road film quickly

RESTORATIVE CLEANING

- ▶ Non-butyl-based blend delivers deep cleaning action

P-40

Vehicle Cleaner

Engineered Specifically for Pressure Washers

SPECIAL FEATURES:

P-40 is a concentrated, heavy duty, non-butyl vehicle wash formulated to quickly and effectively remove dirt, grime, grease and road film from all types of road vehicles. P-40 is biodegradable.

It is engineered to be metered through a hot- or cold-water pressure washer or can be applied as a presoak thru a **WET™** sprayer or foam applicator. The dilution ratio makes the cost-in-use very economical.

P-40 can be used safely on virtually every surface, including aluminum, stainless steel, glass, plastic, paint and fine automotive paint finishes.

P-40 is ideal for vehicle wash facilities where it can be used on tractor-trailers, heavy equipment, metal or plastic tanks, RVs, trucks, and autos.

DIRECTIONS FOR USE

Read Material Safety Data Sheet thoroughly before using this product.

Apply with a Hot or Cold Water Pressure Washer: Pressure washers use an injector and mix the detergent into the water spray. Consult your **WET™** dealer for detergent metering specifications. When using a pressure washer, wash from the bottom up (applying detergent) and rinse from the top down.

CAUTION

May cause eye burns. Avoid prolonged or repeated contact with skin. Harmful if swallowed. Use with adequate ventilation.

FIRST AID

EYES: Immediately flush with water for 15 minutes. Get medical attention immediately.

SKIN: Wash thoroughly with water. Get medical attention if irritation persists.

INTERNAL: DO NOT induce vomiting. Drink water. Get medical attention immediately.

KEEP OUT OF REACH OF CHILDREN

FOR INSTITUTIONAL AND INDUSTRIAL USE ONLY

KEEP FROM FREEZING

TECHNICAL DATA

Specific Gravity	1.03
Boiling Point	> 212° F
Vapor Pressure	23mm/hg@70° F
Vapor Density (Air=1)	1.2
VOC Content	Trace
Solubility in Water	Soluble
Reactivity in Water	None
Melting Point	32° F
Foam Level	150 - 160 ml
Total Alkalinity	1.0 ml
Freeze Thaw Stable	Yes
Hard Water Stable	Yes
Insolubles	None
Shelf Life	1-Yr Min. in closed container

This product contains 3 grams of VOC per liter.
