WASHING EQUIPMENT OF TEXAS

**CLUTCH  
CONTROL**

The **Apollo I** is the value-priced, heavy-hitter in WET's premier line of pressure washers. Reliability, performance, and endurance normally come at a price, but this 'tank' has an industrial design feature that effectively reduces cost of ownership... at no extra charge.

**Clutch Control** prohibits the pump from overheating when the trigger is not pulled. Other pressure washers recirculate the bypass water through the pump again and again. Each time through the pump the water temperature increases dramatically until it reaches the critical temperature of 145°F in less than a minute.

The **Apollo I's** pump clutch stops the pump immediately when the trigger is released. The pump comes to a dead stop while the motor free-wheels under no load. This advancement alone will greatly reduce downtime and cost of ownership. Pump life and endurance are increased tenfold!

Combining **Clutch Control** with lots of Stainless Steel, the best safety controls, a rugged 1-1/4" square tubing frame, and industrial components makes the **Apollo I** inexpensive to own and a pleasure to use.

*The Apollo I ..... is high on quality*

*The Apollo I ..... is feature rich*

*The Apollo I..... is ready for tough duty*

### **Specifications:**

- + 4-gpm @ 2300-psi
- + 6-hp Baldor motor
- + 230-volt, 1-phase, 30-amps
- + ETL Safety Certified to UL std
- + General pump
- + Belt-driven
- + **Clutch operated**
- + SS panels & coil wrap
- + SS float tank
- + GFCI
- + 50' hi-pressure hose
- + SS Variable pressure wand & trigger gun
- + Magnetic motor starter
- + Time-delay shutdown
- + Electronic ignition
- + Draft diverter
- + 400,000 BTUs, natural gas
- + 56"L x 24"W x 55"H
- + 776 lbs

# WET<sup>®</sup>

WASHING EQUIPMENT OF TEXAS

WET offers a wide variety of industrial cleaning compounds:

- ✚ Degreasers
- ✚ Vehicle wash
- ✚ Floor cleaning detergents
- ✚ Automatic parts washer detergents
- ✚ Aluminum brighteners
- ✚ Defoamers
- ✚ Detergents especially formulated for wash water recycling systems

WET offers preventive maintenance programs for high volume detergent customers saving delivery fees, reduced labor charges, and even parts discounts in return for their business

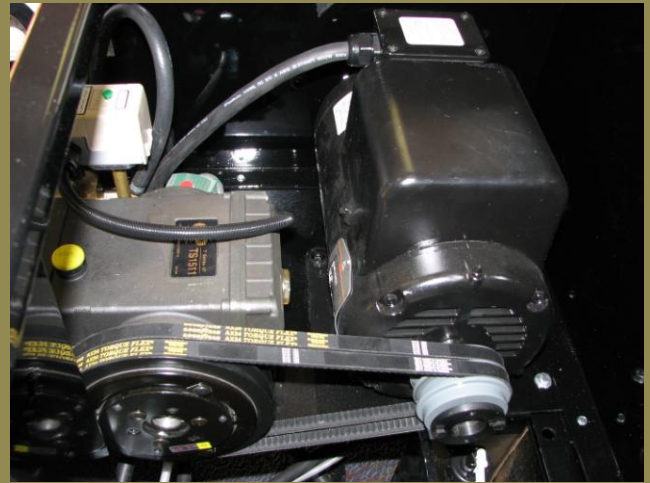

WET offers detergents in bulk volume where we provide the 300-gallon storage tank:

- ✚ No (55) gallon drums
- ✚ Bulk volume pricing
- ✚ Industrial strength concentrates

WET supplies their customers using the bulk detergent program with a free loaner pressure washer when their machine is down.

We value our customers, and we hope it shows!

*You can't get clean if  
you don't get **WET!***
