

EXPRESS™

The EXPRESS™ is our complete, compact, self-serve car wash system. The perfect solution for the smaller self-serve wash facility. 6'1" high by only 2'11" deep, the EXPRESS™ is customizable to your specific requirements. It comes with system options such as a weep freeze system, spot free rinse delivery, dual belt drive, low water safety shut-offs and cold water rinse. **Designed and built by Carolina Pride, the EXPRESS™ is the finest self-serve equipment in the industry. We know that the backbone of a successful car wash is flexible, reliable and profitable equipment.**
